Dear Valued Customer:

As part of our ongoing product lifecycle management, the Racal Instruments™1277 ARINC-608 switching system has transitioned to an “obsolete/unsupported” status. The increasing shortage of replacement components coupled with the retirement of employees who have worked with this product has made it difficult to continue supporting this line. The status change applies to “1277” part numbers listed below herein and is effective immediately.

We want to thank you for your business and are committed to providing you with the highest quality products and services. If you have any questions, please contact us.
