Customers interested in the last-time-buy program should notify their Astronics Sales Representative and provide a forecast of requirements prior to October 31, 2014. All last-time buy orders should be placed prior to December 31, 2014. All deliveries for last time buy items must be completed by June 30, 2015. Orders for obsolete items are addressed on a first come, first served basis and subject to available supplies. Order acceptance is not guaranteed until confirmed by Astronics.

**Available Service, Calibration, Repair and Support for the above products:**

Full service, calibration, repair, and customer support will remain available for these products for a target of 3 years from the date of obsolescence, provided that the components required for the repair remain available. A longer term support contract is available at additional cost. Customers interested in exploring this option should contact Astronics as soon as possible, and prior to December 1, 2014. Once components required for repairs are no longer available, service is provided on a best effort basis. For questions regarding Customer Support, please email [atshelpdesk@astronics.com](mailto:atshelpdesk@astronics.com) or call 1-(800) 722-2528.

We regret any inconvenience this may cause. We have instrumentation application engineers, and ATE integration specialists available to assist in providing state-of-the-art instrumentation solutions to meet your test needs.
