25 January 2007

1.0 Overview

The following describes an overview of changes included within version 20070125 (3.23.31) of the following:

Switch Compiler
CASS / RT Compiler

1.1 Enhancements

1.2 Problem Reports

06-123

2.0 Detailed Description

2.1 Enhancements

2.2 Problem Reports

2.2.1 06-123

Both the Switch Compiler and the CASS / RT ATLAS compiler were modified for this release. Two notes regarding these changes:

1) If an attempt is made to allocate a TPS that was compiled (ATLAS) with 'this' release and the Switch / Ita Database was **not** rebuilt the Signal Resource Allocator will issue the FATAL error message "NO UUTPin <Integer>" This is a generic error message.

2) If an Ita (.LU) is built with 'this' release and the Switch Database had **not** been rebuilt the Ita Compile will issue the FATAL error message "Incompatible SwitchDB 1073:3".
